Austsaw PCD185 - Diamond Blade 185mm 4PCD 4TCT Polycrystalline

Product Description

- Diamter: 185mm (7-1/4")
- Bore: 20/16mm
- Teeth: 4PCD 4TCT

Austsaw Polycrystalline Diamond Blades will make your cutting job cleaner, easier and faster with minimal dust. It’s a must have for all builders, cabinetmakers and renovator’s!

Designed for cutting:

- Drywall - Plaster / Board / Tiles (Blue / Green Board, Cement Sheet / Board, Compressed Sheet, Plasterboard)
- Fibreglass
- Plastic
- Wood (Engineered Wood Products - Hardboard, MDF, Chipboard / Particle Board, Plywood, Softwoods, Hardwoods, Sleepers, Timber Planks, Weather Board).

EXTREME performance
Our PCD fiber cement blades are specially designed for fiber cement ripping and crosscutting. The polycrystalline diamond tips can run up to 50-100 times longer than carbide blades. The Austsaw PCD gives you a faster and cleaner cut!

The tips are made of superior man-made polycrystalline diamond (PCD), the body of the blade is hardened tempered steel. You will experience extreme cutting performance.

For use with Circular Saws, Table Saws and Electric Miter Saws.

- Cuts with Minimal Dust
- Super Fast Cut
- Low Heat Retention
- Hand Made Polycrystalline Diamond Tips.
