

Eyres 622-SB-PG - Hotrod Glasses Sapphire Black Frame Grey Polarised Lens

Product Description

- Frame: Sapphire Black
- Lens: Polar-X Grey
- Light Transmittance: 10%

Modern wrap around design of the HOTROD provides clear peripheral vision for the wearer. This OHS safety eyewear was designed to satisfy the needs of men and women at work and leisure. The dimensions of the frame give protection all around the outer skin of the eye. HOTROD is inserted with 9 base polycarbonate prism corrected lens that is 99.9% protective of UV rays.
