

Eyres 150-MS1-GY - Bercy Glasses Matt & Shiny Black Frame Grey Lens

Product Description

- Frame: Matt Black Shiny Black
- Lens: Weather Grey 10
- Light Transmittance: 10%

The 150 BERCY is a true advancement in protective eyewear. Designed to withstand heavy impact situations due to its sheer design and flexibility, the 150 is perfect for industrial and sporting environments. The BERCY is made from dual injected Flexible Thermo Rubber and TR90 materials that provide unmatched comfort and protection. The superior wrap around frame design provides excellent coverage for the wearer.

The 9 base curve lenses of the 150 BERCY have a hard coating, which helps extend the life of the lens and provide exceptional vision through the distortion free, CUBI (coverage, UV, Bluelight, Infra red) lens. All the lenses are Category 3 to further protect your eyes from the sun.
