

Sidchrome SCMT29181 - Screwdriver Phillips No2 x 40mm Ergonomic

Product Description

A tough, corrosion-resistant screwdriver for frequent, professional use.

Our screwdrivers are constructed from premium chrome vanadium for maximum strength and durability.

Ergonomic design with a durable moulded handle ensures superior torque and a blister-free grip.

An essential hand tool for any serious professional's toolbox.

Features

- Chrome vanadium construction: for long-lasting durability
- Chrome plating: for a high-gloss, corrosion-free finish
- Moulded handle: increased torque and a better, blister-free grip

Specifications
