

Sidchrome SCMT29110 - Screwdriver Set - 8 Piece (tang Through)

Product Description

Made from the highest-quality chrome vanadium steel, the square Thru Tang blade features a hardened magnetic tip for the professional tradesman.

Together, the continuous blade combined with the striking end cap can withstand even the highest-impact hammer blows.

Packaged in a secure, blow-moulded case, this essential set will last as long as you do.

Features

- Slotted and Phillips® blades: so you'll have the right screwdriver on hand for any purpose
- Tested under extreme conditions: for ultimate performance and durability
- Secure, blow-moulded case: keeping your set organised and damage-free
