

Sutton D102SM2 - Jobber Drill Set SM2 Blue

Product Description

Sutton Tools Blue Bullet jobber drills are a general purpose drill bit designed for machine and hand held drilling ferrous metals. The blue finish reduces chip build up on the cutting edge and is a better choice when drilling ferrous materials.

Features

- 118° web thinned point reduces the amount of thrust required
- Precision engineered parallel shank for accurate hole size
- Made from M2 High Speed Steel (HSS) offering the best combination of strength, heat & wear resistance
- Blue surface finish for ferrous applications. The steam oxide finish prevents chip build-up on the cutting edges and reduces cutting friction, especially in low carbon steels

Specifications

- No of Pieces: 19
- Sizes: 1.0 - 10.0mm x 0.5mm rises
