

P&N 150B0WS2M - Drill Bit Set - TiN 19 Piece Metric WORKSHOP/TiN

Product Description

P&N Workshop Jobber Drills feature a Titanium tip for added wear resistance. The highest wear is incurred at the drill tip and cutting edges to depths twice the drill diameter. The P&N Workshop drill range with its TiN coated tip is protected where it matters.

Features

- 135° split point enables accurate positioning and less drilling pressure
- Parabolic flute design for increased chip evacuation
- Drill depth indicator clearly identifies drilling depth
- Precision engineered parallel shank for accurate hole size
- Made from HSS Co. The 5% cobalt formula improves abrasive & heat resistance, for increased strength at higher cutting temperatures
- TiN coated tip for 3 x longer life

Specifications

- Sizes: 1.0 - 10.0mm x 0.5mm rises
- # of Pieces: 19
