

WD-40 61564 - WD-40 Lubricant- 425g Aerosol Twin Trade Pack

Product Description

WD-40 Multi-Use Product is quite literally the can with a thousand uses. So if you're wondering what to use it on first, this list of The 5 Basic Functions will help you get started.

- **Lubricates** - WD-40 Multi-Use Product's lubricating ingredients are widely dispersed, and hold firmly to all moving parts
- **Cleans** - WD-40 Multi-Use Product gets under dirt, marks and grease, making it easy to wipe them away. It also dissolves adhesives, allowing the easy removal of labels, tape, and stickers
- **Protects** - WD-40 Multi-Use Product protects metal surfaces with corrosion-resistant ingredients to shield against moisture and other corrosive elements
- **Penetrates** - WD-40 Multi-Use Product loosens rust-to-metal bonds and frees stuck, frozen or rusted metal parts
- **Displaces Moisture** - Because WD-40 Multi-Use Product displaces moisture, it quickly dries out electrical systems to eliminate moisture-induced short circuits (remember to turn the power off before you spray)

For use on:

- machine chains
- truck battery connections
- wheel nuts
- rusted parts
- flooded engines
