

## **Bordo 6401-S3 - Burr Set - 3 Piece Non Ferrous Carbide**

### [Product Description](#)

---

Non-Ferrous Cut Burrs are for use on non-ferrous and non-metallic materials such as aluminium, brass, copper, bronze, coarse plastic, hard rubber, reinforced plastic and fibreglass composites. They are designed for rapid stock removal with minimum chip loading resulting in longer life and reduced clogging.

- 3/8" Cylindrical Burr - Non Ferrous
- 3/8" Cylindrical Ball Nose Burr - Non Ferrous
- 1/2" Included Angle Burr - Non Ferrous
