

Austsaw AUDIA115U - Diamond Blade 115mm Ultra Thin

Product Description

- Diameter: 115mm (4-1/2")
- Bore: 22.2mm
- Type: Ultra Thin

The Austsaw Ultra Thin Diamond circular cutting saw blade is made from hardened tempered steel with an extremely high diamond count.

EXTREME performance - The Austsaw Ultra Thin cutting blade has a higher diamond count than most leading brands. Only 1.2 mm thin, this diamond cutting blade produces a smooth clean wet or dry cut. Purchase the Austsaw Ultra Thin circular saw blade and you will experience extreme cutting performance!

Designed for cutting wet and dry

- Ceramic (Pipes, Floor & Wall Tiles - Porcelain, Terracotta)
- Rock/Stone (Granite, Limestone, Marble, Slate / Bluestone - Soft, Sandstone)
