

Teng 4001 - Adjustable Wrench 4" - Black

Product Description

An industrial 15deg adjustable wrenches made of Chrome vanadium steel. Exceeds international standards as ISO6787-1982, ASME B.107.8M-1996, BS6333-1995, DIN 3117-1988 and JIS B46004-1976.

15 degree jaw allows the wrench to be used in narrow areas as only 30 degree turning is required. The wider jaw opening increases the range of bolt sizes to be worked on. Non protruding on the movable jaw end gives better action when space is limited. The handle provides a comfortable hand fit. Phosphate finish.

- Length: 100mm (4")
- Capacity: 17mm (11/16")
