

Rugged Xtremes RX05G112BK - FIFO Transit Backpack Black

Product Description

- Finally, a backpack designed specifically for FIFO workers.
- Everything you need for the trip up, or carrying your gear on site. Sensibly sized pockets to cater for personal or protective gear with oversized zippers and large Hi Viz pullers.
- Fully zippered pockets for water bottles and thermal mugs so they cannot fall out.

Features

- Made from our reinforced, hard wearing fabrics and specifically designed for mining crews transiting to and using on site.
- Heavy-duty, integrated carry handle.
- Side pockets to suit drink bottles and insulated mugs can be fully secured with zippers.
- Heavy-duty #10 zippers and unbreakable pullers throughout
- Zippered, padded laptop sleeve
- High vis zipper puller and reflective piping
- Two soft lined zippered pockets for music players, phones or glasses
- Front organiser pocket with quick release key tag
- ID Pocket
- Large Main compartment with clipboard/paperwork sleeve
- Strong padded shoulder harness and air-mesh padded back panel
- Built-in padded carry handle
