

Josco 103 - Crimped Wheel Brush 200x28 Multibore 0.35mm

Product Description

- Diameter: 200mm
- Width: 28mm
- Material Type: HD Steel Wire
- Maximum RPM: 4,600
- Josco Wheel Brushes with crimped wire construction allow for softer brushing for surface preparation and light paint, rust and weld scale removal.
- For instructions on how to fit your Josco Wheel Brush onto your bench grinder, please see User Guides under Resources for more information.
