

Kincrome K12132 - Air Hydraulic Truck Jack 22000kg

Product Description

The Kincrome 22,000kg Air/Hydraulic Truck Jack is designed for heavy duty industrial use and professional workshops.

It features a long reach T-handle and large rubber wheels for smooth and easy manoeuvrability. For added safety, it includes a self-retracting spring return feature to ensure complete control during operation.

With a lowered height of 227mm and raised height of 452mm (without the saddle), the Kincrome Air Hydraulic Truck Jack provides versatility and reliability for heavy-duty applications.

Kincrome Garage Jacks incorporate high-quality seals, materials and design to ensure that they can stand up to professional use.

Features
