

Bossweld 500059 - Earth Clamp - 200 Amp

Product Description

Description

- Bossweld Spring Type Earth Clamp 200 Amp
- Spring loaded earth clamps feature copper braid between brass jaw pads for optimum conductivity.
- Strong spring pressure, available in different amperages.

Features

- Easy to use
- Strong clamping force
- Brass connection pads with copper braid interconnection
- 4 Sizes available

Applications

- Jobbing fabrication welding machines
- Sheet metal work
