

Bossweld 900322 - Zirconated Tungsten Electrodes 3.2x178mm 10 Pack

Product Description

- Bossweld Zirconated Tungsten x 3.2mmx178mmx10
- Bossweld Zirconated Tungsten Electrodes offers great performance for AC and DC current welding of aluminium and magnesium.
- The electrode retains a balled end when welding which results in less tungsten permeation and has good corrosion resistance.
