Features

- 22 Hours run time single beam, 8 hours run time all beams
- 1m drop test winner
- Longest range 30m indoors, 80m outdoors
- 70° oven test winner
- Lithium batteries - 8AH - long run time
- USB Charging Port * WORLD FIRST *
- Hyperbright lines

Specifications

- Light Source Diode: 532nm Green
- Output: Laser Class II
- Accuracy: - +/-2mm @ 10m
- Damping type: Magnetic compensator - self levelling
- Function: 1 x horizontal - 360° | 2 Vertical - 360°
- Working Distance: 30m, 80m with detector
- Hours of continuous use: Green Beam - 22hrs one beam, 8hrs all beams
- Batteries: Lithium-ion 3.7V, Alkaline - 6V
- IP Rating: IP54
- Operating Temperature: -10°C to + 50°C

Includes

- Lithium Battery
- USB-C
- Alkaline Batteries
- Magnetic Bracket
- Operating Manual
- Plastic Carry Case
