

Useit 5SD120 - Sanding Disc 225mm 120G 5 Pack

Product Description

225mm Sanding Disc - 120 Grit

The Genuine Super Pad

- Intex Jost® Useit® Superpads are a high performance abrasive of a new generation, giving you optimal, dust free sanding results - fast & effectively.
- Thanks to the patented design & its unique abrasive coating, clogging is a thing of the past, attaining new levels of sanding performance.

How it Works

- Dust is extracted through the perforations in a congestionfree flow - not only at the sanding plate edges, but over the entire surface.
- The Superpad cushioning system both eliminates scratches and swirls marks, while sanding and allows fast uniform operation without the need to apply added pressure.

For Walls & Ceilings

- Even during overhead sanding, dust pollution for users is reduced to a minimum.
- With the Intex Jost® Useit® SuperPad the sanding head glides smoothly & easily over walls and ceilings, enabling fatigue free working.

How to Recognise the Genuine Article

- Look for the Useit logo on backing & the following patent numbers : US-Patent 5,810, 650 EP-Patent 0 781 629 B1
- Holes punched through the abrasive paper NOT through backing
- Unique coating which has holes punched to the edge of the pad rim
- Advanced Useit Snake-track Perforation Technology
 - An exclusive pattern to Intex Jost® Useit®, for superior extraction of dust & longer lasting pads
