

NELA N0172 - Stainless Steel Finishing Trowel 355x110mm Superflex with Bikogrip Cork Handle

Product Description

- Dimensions: 355 x 110mm
- NELA Premium SuperFLEX II Trowel – with BiKoGRIP cork handle.
- Still with the 0.3mm Super Flexible blade has an improved bond technology with a specially designed sealant for the bracket and blade.
- The corners and the blade have been redesigned ensuring that the trowel is better to use directly from the box.
- BiKoGRIP Cork and Soft. A perfectly designed Ergonomic handle – design on comfort and performance.
- Ultra-lightweight aluminium mounting made from a robust alloy: for the ultra-high stability and easy handling.
- Attached with special bolts made from a high-quality stainless steel.
- High-strength bond between both blades thanks to a special tape that withstands both solvents and extreme temperatures.
