

Milwaukee M18-28CPDEX-0 - 18V/28V Rotary Hammer Dust Extraction Attachment

Product Description

Features

- Replacable certified HEPA filter
- Adjustable stop depth and ruler
- High capacity dust box
- Compatible with M18CHP-0 SDS Plus 28mm Rotary Hammer
- M18™ & M28™ HAMMERVAC™ Dedicated Dust Extractor (M18-28CPDEX-0) features an inline dedicated design engineered to connect directly to and be power by the M18 FUEL™ 28 SDS Plus Rotary Hammer (M18CHP-0).
- This design allows for a very compact HAMMERVAC™ and rotary hammer combination to fit in the most confined work spaces.
- Utilising the same replaceable certified HEPA filter as other HAMMERVACS™, which filter 99.97% of all particles greater than 0.3µm, means more compatibility on the jobsite.
- For accurate hole depths, this product is built with an adjustable depth stop and ruler for easy and precise adjustments.
- Featuring a high capacity dust box, users can now work longer without emptying dust box as often.
