

## Peerless Black PB17000P - Compressor 6.5HP 50L Tank 145 PSI

### Product Description

---

The Peerless Black 17000 Petrol is a great light industrial air compressor.

Fitted with a genuine Honda petrol motor, GX200 (6.5HP) which is built for the Australian market and complies to all emission standards, you'll be able to depend on this air compressor to get the job done!

Alloy pump with cast iron barrels revving at 1100RPM which makes this fairly quiet for a petrol driven air compressor with 320 litres per minute of free air delivery, it will run most of your common air tools.

Fitted with an auto idle control valve means this will idle back and revv up when the air is required.

Two main tank outlets on the side makes it easy to connect your air lines.

### Specifications
