

Stronghand PCJ50 - C-jaw Pliers 180mm Strong Grip

Product Description

- Machined curved jaws and serrated teeth tightly grip round stock as well as a variety of shapes and withstand high pressure for wire cutting. "V" shape in top jaw grips thick, clustered, or insulated wire.
- V-Groove on top jaw
- Secure Adjustment Bar minimizes bar pop-outs - Minimal handle spread, even at the maximum opening, make these Pliers easier to grasp, lock, and release.
- Cr-V - Brazed Jaw for durability
- Quick release trigger.
- Non-Slip grip marks - on top and bottom jaws for positive gripping.
- Unique crank handle for fast, easy jaw opening and pressure adjustment.
 - Crank up, or lessen the torque by inserting a screwdriver.
 - Hanging hole for pegboard storage.
- Opening: 26mm
- Length: 180mm
- Weight: 0.2kg
