

Renegade RIJH75 - Jack Hammer 1500W Industrial

Product Description

This superbly manufactured Renegade Industrial Demolition Hammer is powered by a 1500 Watt motor and despite the powerful impact rate, Active Vibration Control (AVC), keeps vibration through the handles to a minimum. It comes supplied in a top quality quality blow moulded storage case with wheels that form a specialised trolley to transport the machine and its bits. Also comes complete with both a 400mm long Flat & Pointed Chisel, bottle of grease & extra carbon brushes.
