

Renegade RIPS B10 - Sand Blasting Tank Pressurised 40L / 10 Gallon Industrial

Product Description

A trade duty mobile sandblaster with a huge 40 litre capacity. These sandblasters come supplied with a filling funnel & safety face mask. They include a heavy duty 2.5 metre long 3/8" hose & 4 nozzles with sizes from 2.3mm to 3.5mm. These sandblasters are suitable for a wide variety of tasks & are simple to wheel around. An easy to read pressure gauge is located on the top of the tank allowing frequent pressure checks to be made. An industrial duty water trap & filter are also included in this low package price. These sandblasters are covered by our trade use warranty & represent excellent value for money. You would definitely expect to pay much more for a genuine trade duty sandblaster resembling this great unit anywhere else!
