

Eclipse EC-ELPW18 - Pipe Wrench - 18"/450mm Leader Pattern

Product Description

- The frame and handle are made from a one piece ductile iron casting which is guaranteed unbreakable, whilst the flash hardened teeth increase wear resistance.
- The hardened and tempered steel adjustment nut gives a longer working life and the precision machined screw thread and spring jaw remain open until pressure is applied.
- Conforms to British Standard BS3594.
- Length: 18" (450mm)
- Pipe Capacity: 2-1/2" (63mm)
