

Husqvarna TS60 - Tile Saw Comes With Diamond Blade

Product Description

TS 60 is an efficient tile saw with high cutting capacity for all kinds of tile material. With this table saw you get a maximum cutting length of 700 mm. You can easily plunge or mitre cut at 45 degrees for maximum versatility. The TS 60 is equipped with the innovative Jet Stream Water Containment System, which means the water and slurry stay in the cart during cutting which means slurry is minimised and the area around the saw stays clean and free of water spray. The machine is easy to handle by one person thanks to its light weight, foldable legs and wheels.

Features

- Clean work area - The Jet Stream Water Containment System keeps water and slurry in the cart trench, making it ideal for cutting indoors.
- Easy transport - The low weight, foldable legs and stable wheels facilitate transportation.
- Flexible cutting method - Switches between plunge cuts and mitre cuts with ease.
- Ideal for long cutting - The maximum cutting length of 700 mm and the large cutting table allows you to cut 50x50 cm tiles diagonally.
- Easy to clean table - The large removable cutting table is easy to clean.
- No need to refill water - Thanks to the refined recycling system which cleans water for reuse.
- Jet Stream Water Containment System - Keeps water and slurry in the cart trench, making it ideal for cutting indoors.
- Adjustable cutting head - Keeps water and slurry in the cart trench, making it ideal for cutting indoors.
- Overload protection - The Elgard™ overload protection system allows you to always cut at maximum speed, for best performance.
- Elgard™ - LED indication for machine overload provides increased productivity and motor life.
- Easy angle cutting - Angle guide and adjustable stand are included to facilitate cutting.
- Electronic SoftStart™ - Provides starting with normal, slow acting fuses.
- Smooth start with normal fuses - Softstart™ maintains high productivity even with normal fuses.

Specifications

- MOTOR
 - Rated input power: 1.8 kW
 - Phases: 1 ph
 - Voltage: 220-240 V
 - Frequency: 50 Hz
 - Power source: Corded
- CUTTING EQUIPMENT
 - Blade diameter, max: 250 mm
 - Cutting depth, max: 65 mm
 - Max cutting length: 700 mm
- DIMENSIONS
 - Water tank capacity: 12.4 L
