

Sutton D1330485 - Panel Drill - Double End #11 Bright - 2 Pack

Product Description

Sutton Tools Silver Bullet panel drills are developed to drill holes for rivets in flat and curved panels. The double ended design doubles the life of the drill bit.

** Note: Ensure the chuck jaws are fully tightened. **

Features

- 135° self centering point minimises wandering when starting and ideal for thin materials
- Flute length designed for shallow hole drilling no deeper than 1.25mm x diameter
- Made from M2 High Speed Steel (HSS) offering the best combination of strength, heat & wear resistance
- Double ended design increases drill life
- Bright finish for general purpose applications, non-ferrous metals & plastics

Specifications

- Size: #11
- Overall Length: 54mm
- Flute Length: 19mm
- Rivet Size: 3/16"
