

## **Bordo 3842-15** - Countersink 90 Deg. 15mm Single Flute

### Product Description

---

For countersinking and deburring in a wide range of materials including ferrous and non-ferrous metals. The fluted countersink cutter is used to provide a heavy chamfer in the entrance to a drilled hole. This may be required to allow the correct seating for a countersunk head screw or to provide the lead in for a second machining operation such as tapping.

#### **Features:**

- Resharpenable
- Made from 100% M35 Cobalt High Speed Steel

#### **Specifications**

- Diameter: 15mm
- Capacity: 2-15mm
- Shank: 8mm
- Overall Length: 55mm
