

Bordo 3842-25 - Countersink 90 Deg. 25mm Single Flute

Product Description

For countersinking and deburring in a wide range of materials including ferrous and non-ferrous metals. The fluted countersink cutter is used to provide a heavy chamfer in the entrance to a drilled hole. This may be required to allow the correct seating for a countersunk head screw or to provide the lead in for a second machining operation such as tapping.

Features:

- Resharpenable
- Made from 100% M35 Cobalt High Speed Steel

Specifications

- Diameter: 25mm
- Capacity: 3-25mm
- Shank: 12mm
- Overall Length: 78mm
