

Stanley 0-65-441 - Vde Screwdriver Set 6 Piece Fatmax

Product Description

Features

- An industrial grade - 1000V a.c. insulation - Tested to EN60900:2004 meaning that that this screwdriver is suitable for live working use up to 1000V a.c
- Chrome vanadium steel bar allows for high torque and reduces the chance of tip breakage
- Colour coded ends make it easy to identify the correct screwdriver for each screw type
- Extremely tough Polyamide blade insulation sleeve makes it resistant to impact at -25 degrees centigrade and ensures increased abrasion resistance and reduced moisture absorption
- Handle moulded direct to bar virtually unbreakable bond. Highly reliable and providing an extra long life
- Large diameter handle offers great torque needed for driving wood screws
- Shot blasted tips ensure improved torque and corrosion protection
- Smooth domed end for fast spinning action - speed and comfort
- Soft grip handle - perfect combination of great grip plus reduces fatigue
- The Ergonomic handle design offers both a large diameter for increased torque and a small diameter shaft ensuring high speed fastening/unfastening of machine screws - The soft touch grip ensures increased grip and comfort
