Stop the Drops H01010 - Techwrap Tether Tape

Product Description

APPLY THE MAGIC WITH TECH-WRAP TETHER TAPE!

This amazingly versatile tape is used in conjunction with Tool Catch's and provides a fully load rated tether point to many hand tools in moments!

- Self-Vulcanising, doesn't rely on chemical adhesives.
- Heat resistant to 150 degress celsius.
- Resistant to water and oil.
- Very resilient and long lasting.

Certified Tool Anchor Points in THREE EASY STEPS

1. Cut a length of tape approx 30cm (or enough to go around the tool 10 times).
2. Position the Tool Catch on the tool.
3. Apply Tech-Wrap Tape, pulling it tight and without covering the 'Catch' on the anchor.

NO HEAT OR ADDITONAL PROCESS REQUIRED!
