

Milwaukee 48224254 - Tube Cutter 90mm Capacity Quick Adjust

Product Description

The Milwaukee® Quick Adjust Copper Tubing Cutters are engineered for straighter, cleaner cuts. A 4 roller design delivers accurate cuts and prevents walking. The quick adjustment mechanism allows fast change between sizes and quick reset for the next cut. For added durability and extended performance, the rollers are chrome to provide optimal rust protection. Tool-free blade change allows easy blade replacement on the job site.
