

Milwaukee M18BLID2-0 - 18V Brushless 1/4" Hex Impact Driver (Tool Only)

Product Description

Features

The MILWAUKEE® M18™ Brushless 1/4" Hex Impact Driver is the fastest 18V compact impact solution in it's class. The brushless motor technology is optimised for the driver, providing 180Nm of torque and longer runtime. The motor designed designed for this impact driver delivers a smaller tool at 129mm, extends battery life and greatly improves access to small and tight spaces. Built-in REDLINK™ electronics optimise the power draw from the REDLITHIUM-ION™ batteries, delivering 3,400 RPM's for best in class application speed and performance. 3-Mode DRIVE CONTROL™ delivers unmatched control for a wide range of small and large applications. The impact driver also has single-handed bit insertion for easy bit exchange. The Brushless 1/4" Hex 3 Speed Impact Driver works with all M18 batteries so you can work harder for longer.

- Compact design: provides excellent balance and control, ideal for overhead applications or work in tight spaces
- RPM: 0-3400
- REDLINK Intelligence: Advanced overload protection defends against abusive applications and monitors the temperature to prevent damage and ensure maximum tool and battery life
- Milwaukee brushless motor: optimised for efficiency, this motor delivers more run-time and longer life
- REDLITHIUM-ION Battery: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market

Specifications

- Voltage: 18V
- IPM: 0-1,500/0-3,400/0-4,200
- Drive Control: 3-Mode
- Length: 129mm
- Weight: 0.9kg
- Torque: 180Nm
- Tool Warranty: 5 Years

Includes

- (1) Belt Clip
