

## Teng ARWM34 - Impact Wrench 3/4" Drive 1830Nm

### Product Description

---

#### Features

- 3/4" drive impact wrench featuring high torque action with three forward steps plus reverse.
- The wrench is equipped with a twin hammer mechanism for increased torque and reduced vibration, a forward/reverse button for one handed operation, an ergonomically designed handle for better grip and insulation against vibration and cold air as well as a lightweight but strong aluminium housing.

#### Specifications

- Air Consumption at 100% Int.: 181(l/min) / 6.4(cfm)
- Air Inlet (inch): 3/8"
- Bolt Capacity (mm): M32
- Forward Torque (3 Steps): 1084/1300/1790NM - 800/960/1320 ft/lb
- Free Speed (rpm): 5000
- Hammer Mechanism Type: Twin Hammer
- Length: 218.8mm
- Max. Reverse Torque: 1830NM / 1349 ft/lb
- Min. Hose Size (inch): 1/2"
- Weight: 3.9 Kg
