

Milwaukee 48223506 - Locking Plier Long Nose 152mm/6" Torquelock

Product Description

Milwaukee Torque Lock Locking Tools provide faster tool setup and more locking force for the professional tradesmen. The patent pending thumb screw provides the user with a more convenient geometry for hand force, while providing clearance to generate more torque with the unique screwdriver through-hole design. These Torque Lock(TM) locking pliers feature hardened jaws for increased gripping power and forged alloy steel for maximum durability. The Milwaukee 4203mm (8")-22-3506 is perfect for the toughest of jobsites and offer maximum versatility with it's long nose design. Milwaukee stands behind their product and offers a Limited Lifetime Warranty with all locking tools.

- Torque lock faster setup and more force for locking tools
- Long nose jaw easy access in extended reach applications
- Control release fast, easy, onehanded release
- Hardened jaws better grip force on jobsite material
- Forged alloy steel for maximum tool strength and durability
