

Bordo 2651-1 - Reduced Shank Drill 1/2" 1"

1/2in Shank - 1in

Product Description

Bordo reduced shank HSS drills are ground and then a black finish is achieved by steam tempering, a thermal process resulting in a porous tool coating. This surface aids chip flow and heat dissipation. The drill is then ground a second time to achieve a bright finish on the shank and cutting edges.

Specifications

- Diameter: 1in (25.4mm)
- Shank Diameter: 1/2in (12.7mm)
- Flute Length: 86mm
- Overall Length: 152mm
- Point: Notched 118°
- Helix: 30°
