

Peerless P55HF - P55 High Flow Compressor 10HP

Product Description

Offering a massive 1300LPM free air delivery at 100PSI the P55 High Flow is suited for applications where large quantities of air is required. To achieve this volume of air the unit features a single stage W95 Pump which has 3 low pressure heads unlike the 2 stage pump found on a PHP52 model with 2 low pressure heads and one high pressure. Due to this trade off the P55HF is capable of producing a larger volume of air at a lower pressure.

This compressor is ideal for a 5 - 6 person workshop.

Specifications

- Air Delivery: 1300 LPM @ 100PSI
- Cylinders: 3
- Max PSI: 145
- Motor: Electric 10HP
- Pump: Peerless W90 Single Stage
- Pump RPM: 949
- Power Supply: 415V
- Amps Draw: 16.2
- Tank Size: 200L
- Dimensions L x W x H: 1700MM x 500MM x 1100MM
- Weight: 260KG
- Portable / Stationary: Stationary
- Regulator Included? No
- Pump Up Time To 100 PSI: 0.55 - 1.00 MIN
- Pump Warranty: 1 Year
- Motor Warranty: 1 Year
