

## Milwaukee 48324531 - Locking Bit Holder 75mm Shockwave

### Product Description

---

Milwaukee® SHOCKWAVE™ Impact Duty™ Locking Bit Holders are engineered to be the most durable, strongest locking tip holders on the market. The intuitive auto-locking design fits all inserts and 1/4" Hex bits, and the small-profile quick release collar allows for easy one-handed bit tip changes. The new locking bit holders feature two magnets to maximise magnetic transfer and holding power to the fastener, and to prevent drops. As with all SHOCKWAVE™ Impact Duty™ accessories, each bit holder features optimised SHOCKWAVE™ geometry to provide up to 30x longer life and absorb 3x more torque to prevent breakage.

- Auto-Locking Design - Fit all Inserts and 6mm Hex bits
- Quick Release Collar - Allows for easy one-handed bit changes
- Dual Magnets - Maximise magnetic transfer, holding power to fastener and preventing drops
- Optimised Shockzone™ - Absorbs peak torque and prevents breaking
- LENGTH: 75mm (2.875")
- SHANK: 1/4" Hex
