

Alemlube 670AN6 - Grease Gun Battery Operated

Product Description

20V Lithium-ion Cordless Grease Gun

- The new 670AN5 20V Lithium-ion cordless grease gun from Alemlube is an innovative grease gun with built in intelligence and a new and powerful 4.0Ah battery as standard. The only cordless grease gun kit complete with charger and 4.0Ah battery on the market ready to go, the 670AN5 can dispense up to 35 x 450g cartridges per charge.
 - It's smart too. An LCD shows real time battery capacity, grease level, grease metering information, loss of priming and stall warning with the press of a button to assist the user in always being prepared to have a fully operational grease gun at hand to be active on the job.
 - Designed and engineered by Alemite USA, the 670AN5 is capable of developing a maximum operating pressure of 10,000psi (690 bar) facilitating fast, effortless greasing guaranteed and offers dual flow rates: high at 170 g/min, low at 113 g/min.
 - Two Lithium-ion batteries are supplied with the 670AN5, 1 x 4.0Ah and 1 x 2.5Ah, with fast recharging so you'll never be without greasing power to complete your ongoing work.
 - Lightweight and ergonomic, the 670AN5 is supplied complete with a 900mm long grease gun flex, a heavy duty coupler and has the versatility of three way loading; 450g cartridge, bulk grease or filler pump. And, a skin version (670AN5-SKIN) without battery can also be purchased to assist in having varying grease grades on hand and ready to swap over or use the additional the battery.
 - Furthermore, a 400g version is also available as the 597F to suit all USA and European sized grease cartridges.
 - Protected in a durable plastic moulded carry case, the 670AN5 20V Lithium-ion cordless grease gun provides you with an intelligent and trouble-free high pressure, high volume greasing solution.
- Delivery rates of up to 170 g/min
 - Grease pressure of up to 10,000psi (690bar)
 - Up to 35 cartridges per battery charge
 - Built in Intelligence
 - LCD with real time battery capacity, grease level and grease metering information
 - Battery capacity gauge
 - Grease level gauge
 - Grease metering capability
 - Dual flow rates :
 - Low 113 g/min
 - Ball and needle bearings
 - Curved slot yoke optimises mechanical efficiency
 - Case hardened piston for wear and bend resistance
 - Impact resistant LCD lens surrounded by impact absorbing bezel is robust and dependable
 - Patented air flow management optimises motor and transmission life
 - Shape, weight and balance designed for less physical strain
