

Alemlube SOI700 - Plastic Oil Reel 10m 1/2" S Series

Product Description

S Series Oil Reel 10

- The Alemlube SOI700 oil hose reel is a genuine industrial quality hose handling, retrieval and storage system with highly flexible and durable S.A.E.100R1 rubber hose, crimped hose ends, integral carry handle and detachable mounting bracket.
- Manufactured from high quality impact resistant and UV stabilised polypropylene, the SOI700 oil hose reel features a positive latching system that automatically locks the hose at the desired length. The heavy duty internal spring assembly easily retrieves the hose when partially or fully extended.
- Suitable for use in the agricultural, automotive, manufacturing, contractor and transport sectors, the SOI700 oil hose reel from Alemlube will provide you with a reliable and cost effective means of storing and retrieving hose assemblies in your workshop or in the field.
- Mountable on the wall, floor or ceiling, the SOI700 is engineered to go the distance even when put to work in the most demanding applications.
- Supplied with 10m x 12mm ID hose & lead in hose
- Impact resistant UV stabilised covers for maximum durability
- Automatic and positive latching mechanism
- Working pressure of 2,000psi (138bar)
- 1/2" BSP(f) inlet & outlet
- High flow swivel and fluid path
- Adjustable hose stop for convenient lead length positioning
- Detachable steel mounting bracket enables 180° hose reel rotation
- Can be wall, ceiling or floor mounted
- Net weight of 15.6kg
