

Alemlube SA300N - Retractable Air Hose Reel 18m 10mm ID S Series

Product Description

S Series Air Hose Reel - 10mm x 18m

- The upgraded Alemlube SA300N air hose reel is a genuine industrial quality hose handling, retrieval and storage system with highly flexible and durable hybrid polymer hose, crimped hose ends, integral carry handle and detachable mounting bracket.
- Manufactured from high quality impact resistant and UV stabilised polypropylene, the SA300N features a positive latching system that automatically locks the hose at the desired length. The heavy duty internal spring assembly easily retrieves the hose when partially or fully extended.
- Suitable for use in the agricultural, automotive, manufacturing, contractor and transport sectors, the SA300N air hose reel is ideal to use with drills, impact wrenches, angle grinders, ratchets and tyre gauges.
- Mountable on the wall, floor or ceiling, the SA300N is engineered to go the distance even when put to work in the most demanding applications.
- Includes 18m of 10mm ID hybrid polymer hose
- Impact resistant UV stabilised covers
- Automatic and positive latching mechanism
- New hybrid polymer hose is more flexible, easier to handle and longer lasting
- Adjustable spring tension
- Working pressure of 300psi (20bar)
- 3/8" BSPT(f) inlet & outlet
- Can be wall, ceiling or floor mounted
