

Milwaukee 49560260 - Adjustable Hole Cutter 51-178mm

Product Description

The Milwaukee® Adjustable Hole Cutter offers a one-size-fits all solution to make holes in drywall and ceiling tile. Cutting diameters range from 51mm through 178mm. Utilising a Quik-Lok™ arbor for tool-free adjustability as well as laser etched markings and size indicator, users can quickly and easily identify and change sizes without the use of a hex key. A best-in-class durable and reusable debris shield with spring collar keeps cutting blades level and work areas clean, especially in over-head cutting applications. Choose the Milwaukee® Adjustable Hole Cutter for applications in drywall and ceiling tiles including: recessed lights, audio speakers, fire/security systems, and clearance holes.

Features

- Suitable for use when cutting large diameter holes for air conditioning pipes, fans, downlights and ceiling speakers
- Dust collection shroud reduces dust when drilling overhead
- Adjustable, laser-marked preset diameters from 51mm-178mm
- Suitable for use on drywall (max 25mm) and ceiling tile
