

Milwaukee 48228810 - Locking Tool Lanyard 4.5kg

Product Description

MILWAUKEE® 4.5kg (10lb) Locking Tool lanyard helps users stay safe and stay productive while working at heights by reducing the risks associated with dropped tools. The lanyard body is engineered to provide the best shock absorption, slowing the tool gradually if a drop occurs. Locking carabiners require double actions to open, ensuring a secure connection. Integrated swiveling carabiner reduces twists when using tools. The red colour coded lanyard allows the user to easily identify the lanyard's weight rating. For use with tools up to 4.5kg (10lb).

Features
