

Black Rat 342309BK - 4WD Towing Kit 4m with Carry Bag

Product Description

With safety and ease of handling in mind, Black Rat have produced a 4 metre polyester (snatch-em) towing strap that has built-in, an elasticised retention cord which incorporates the safety technology of polyester load bearing fibres that are traditionally incorporated in round sling manufacture and comes complete with black reinforced eye protection at each end. In the event of the strap being pulled to its breaking strain, the inner load bearing fibres will bunch up and not spring back, therefore eliminating the sling shot effect that would normally occur in a nylon snatch-em strap. It has the advantages of having a 30% stretch factor of its original length, which enables the user to slowly pull/move a vehicle out of a problem situation. It has a minimum breaking strain "MBS" of 12,000 kgs. Supplied in vinyl carry bag.

- Safety Features
 - Built in elasticated retention cord
 - Incorporates the safety technology of polyester load bearing fibers
- Other Features
 - 30% stretch factor
 - Minimum breaking strain "MBS" of 12,000 kgs
- Applications: Towing equipment
- Materials/Fabric: Polyester
- Weight: 3.5kg
