

Bordo 2011-M5 - 19 Piece HSS Cobalt Metric Drill Set

Product Description

Cobalt Jobber Drills have a Bronze Finish (gold oxide). This metallic brown coloured low temperature temper treatment is used on cobalt tools for identification purposes. Cobalt HSS drills are extremely hard and provide superior performance and increased tool life especially in stainless steel and high tensile steel.

Cobalt Drills with 135° split point are extremely hard and provide superior performance and increased tool life especially in stainless steel and high tensile steel.
