

SP Tools SPG6800 - Generator 13HP 6.8kVA

Product Description

Don't be left in the dark if power outages happen. The reliable SP Industrial Series generators will keep your business running and your home and family safe during a power emergency.

SP Industrial Series Generators all use a superior AVR* equipped with a Digital Stability Control Program. This allows voltage to be calculated and controlled at the outlet and not the alternator. With Hi-Lo Limit Electronic Safety Shut Off this makes SP Industrial Series Generators one of the safest and advanced generators around.

SP use leading edge alternator and electronic technology to offer a range of generators that produce a very pure energy supply. This clean and pure form of energy makes SP Industrial Series Generators suitable to power even the most delicate electronic devices eg: laptop. SP combined a strong rugged design with easy operation to offer one of the worlds most reliable and dependable range of generators.
