

Scangrip SGUNIPEN - COB LED Pencil Worklight with Top Spotlight - Rechargeable

Product Description

The UNIPEN is a very handy pocket light, both compact and lightweight. The work light is fitted with both a lamp and torch on its head and body, and has a 180 degree tilt function.

The UNIPEN is built with a strong magnet that allows easy positioning in the workshop or job site. Accompanied with a belt/pocket clip, it is easy to understand why this light is so popular.
