

Renegade RIWKITA-47 - Industrial Wheel Kit Suit 4, 5, 7 Step Aluminium Platform Ladders

Product Description

The easiest way to relocate your Renegade Industrial Aluminium Platform Ladder is by fitting one of these convenient wheel kits. Each wheel has a spring loaded shaft & a robust roller bearing swivel plus heavy duty, solid rubber wheels. Swift & easy to attach with the bolt & washer kit supplied. You will never need to lift your ladder again. Ideal for workshops, warehouses & factories.
