

Kincrome K16128 - 1-Nozzle Sprayer Boom Kit

Product Description

The Kincrome range of 12V Sprayer Boom & Broadcast Kits offer a cost effective solution for you to upgrade your sprayer, allowing you to tailor your sprayer to your specific requirements without replacing the whole sprayer unit.

This single broadcast nozzle kit delivers a wide 4.3m spray width. No boom arms to break and a large droplet size that helps reduce drift.

Kit quickly and easily connects and disconnects directly from the sprayer tank.

Kincrome Boom & Broadcast Kits are all compatible with Roundup® agricultural herbicide.
