

Dymaxion HMACT65 - TCT Masonry Holesaw 65mm x 50mm x M22

Product Description

Specifications

- Diameter: 65mm
- Thread: M22
- Depth: 50mm

Notes:

- **NOT** suitable for concrete.
- Pre-drill the pilot hole.
- For the larger sizes, it is recommended to use SDS MAX adaptors to avoid damage to lighter duty SDS-Plus chucks.
- Allow hammer function time to work!
- Brick ties can damage teeth and will void warranty so investigate all obstructions and remove.
